Introduction

The lesson begins with a warm up activity where participants watch a video with some useful phrases. Afterwards the mentor discusses the useful phrases from Section A and gives some practical examples of their use. Then participants go through phrases in Section B and C together with the mentor and try to write down some suitable responses to them. They role play the short dialogues afterwards. Before taking the exercise they practise the dialogues from section D and play them out in front of the rest of the class. The lesson finishes with revising the content by solving exercise in the Final step section.
